Reflections OF THE PAST...

High-school: It consumes our lives for several years and changes the course of our futures. Tantasqua will supply everyone of us with memories to look back on and experiences that we will carry with us forever. We have used our opportunities here, and no matter what we put our energies into during these years, we will have them to reflect on in our minds for as long as we want.

Reflections OF THE PAST...

Hopefully, these high-school memories will be looked back on with smiles and happy thoughts; and will truly be some of our best times. Our pasts, presents, and futures are linked together by the experiences we have gone through as a student body. On these pages, share the images of the 1993-1994 school year and reflect on the moments that we have spent together.

STUDENT LIFE

The days of students are very busy. Besides the usual school routine which consumes a great deal of time, Tantasquans fill their "spare time" with other activities. They participate in extracurriculars, athletics, and community service, but it doesn't end there. These students enrich their lives with field trips, travel, out-of-school sports, and many other personal experiences. It is obvious that they go further than half-way. As Napoleon Bonaparte once said, "If you start to take Vienna, take Vienna."

What the Year Brought

1993 was a year of changes, beginning in January with the swearing in of Bill Clinton, the selection of Janet Reno as Attorney General, and the appointment of Hillary Rodham Clinton to head the task force on health care.

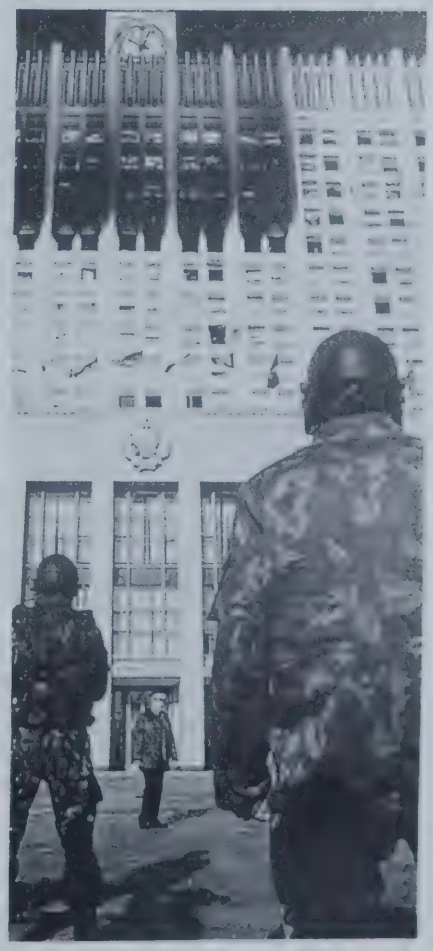
1993

Waco, Texas was transformed from a small town to the subject of national attention for over a month. Cult leader David Koresh held authorities at bay for many weeks before burning the Brand Davidian compound to the ground when stormed by government agents.

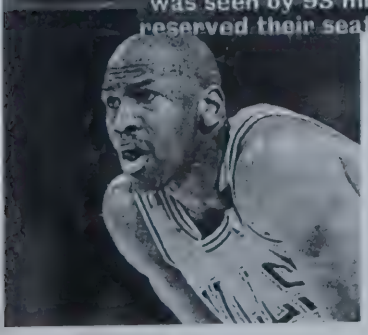
'The flood washed away our memories'

Natural disasters were felt strongly during the year. The great flood of 1993 washed away entire sections of the midwest.

Overseas, [illegible] took center stage [illegible] much of the year. The changing situation in Russia made news nightly, coming to a head with the burning of the parliament building and Boris Yeltsin struggling to [illegible] control. Somali [illegible] strong reactions [illegible] public when [illegible] mistreated by Warlord Aidid and his followers.



The much-hyped final episode of TV's *Cheers*—in which Diane and Sam have one last go-around—was seen by 93 million people, many of whom had reserved their seats at the Boston bar for 11 years.



In entertainment, Michael Jordan stunned Bulls fans by announcing his retirement, and then his wish to play for the Chicago White Sox. NBC's successful program "Cheers" brought record ratings of 93 million people when the final episode aired.

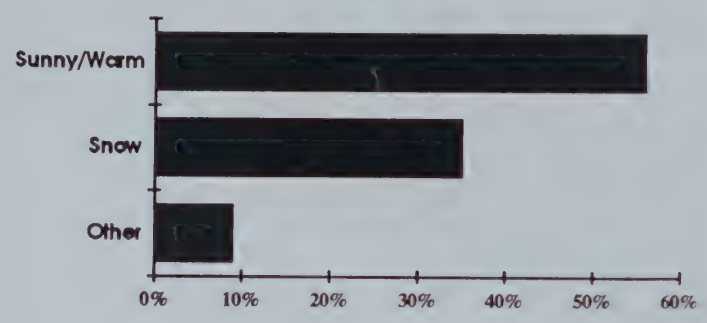
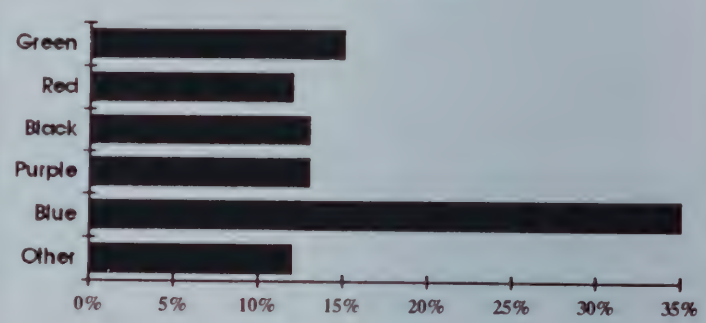
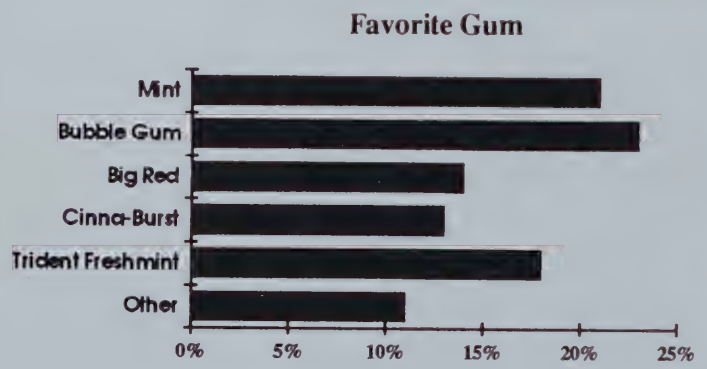
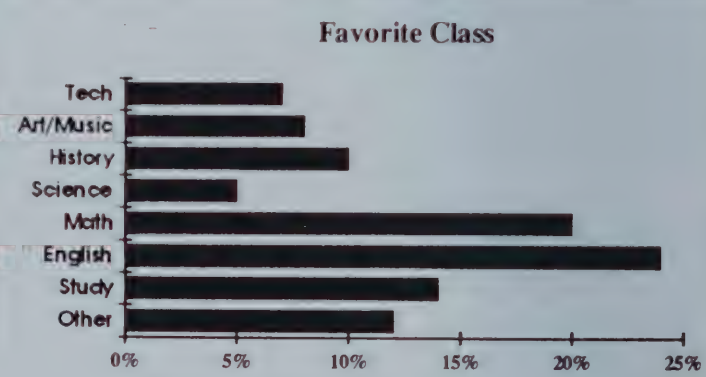
Reflections of You

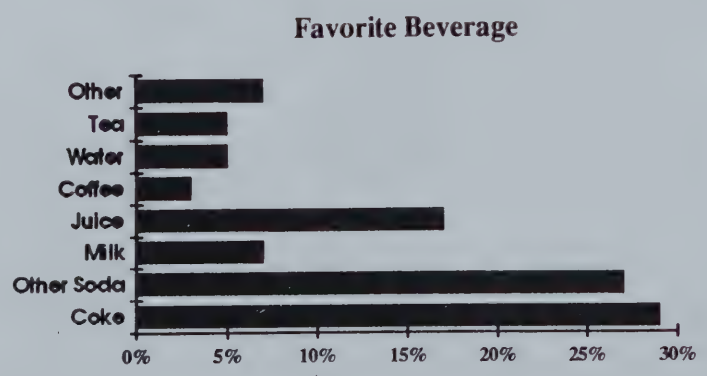
Each of the four classes that make up a year together at the high school is different, in its own way, from all other classes. It brings something all its own to the school and when all four are combined, the unique year is created. In everything from the activities that the class does to the little favorites that make it special, each group is made up of individuals who make one class together. Here are some of the little things that sparked 1994 at Tantasqua.

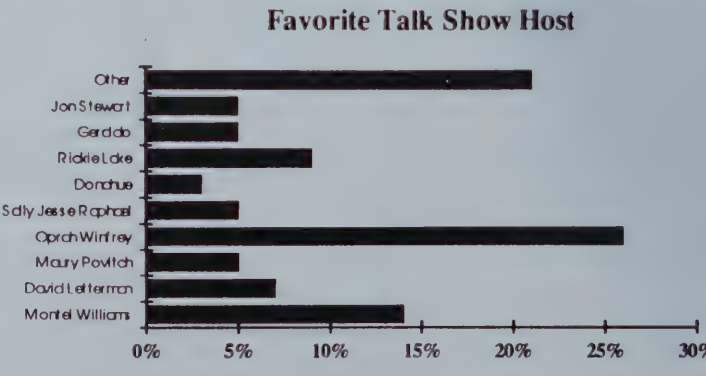






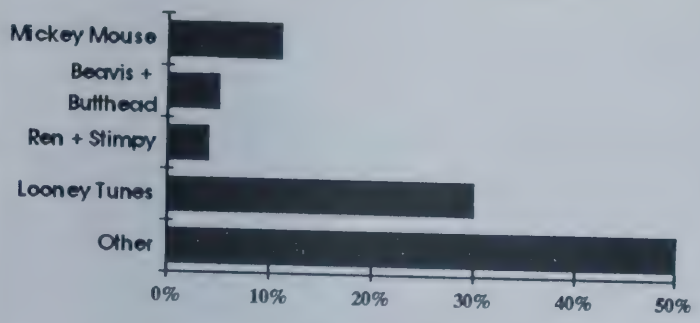






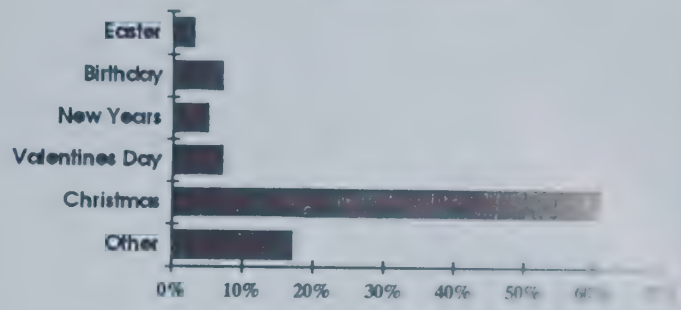
Almost everyone got a vote — even Alex Trebec.

Favorite Cartoon Character



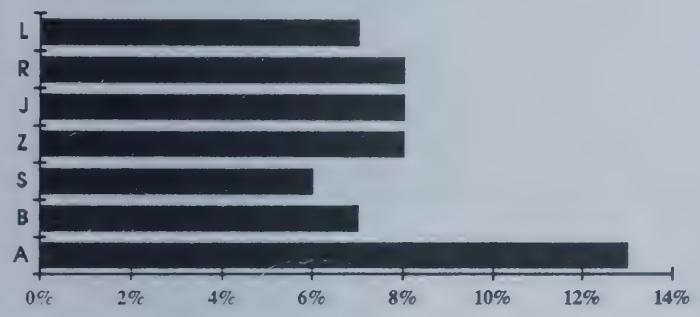
Everyone from Sonic the Hedgehog to Family Circus appeared in this category.

Favorite Holiday



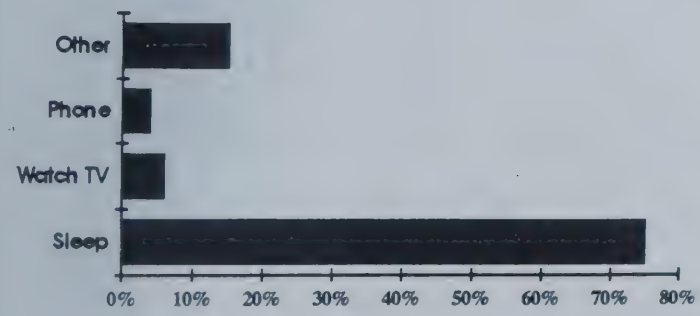
Apparently some Tantasquans celebrate summer solstice

Favorite Letter



Other answers were: Q and Z (They're worth the most in Scrabble)/ Dear John/The Scarlet Letter/The college acceptance letter/The letter Uncle Louie sent me on my 8th birthday.

Favorite Thing to do at 3am



Passing by students' houses at 3 A.M., you would see Ouija boards set up in some — sunbathers, meditating students or philosophers in others.

Excuses, Excuses, Excuses

The answers to "Favorite excuse for homework left undone" varied too much for percentages. These are the excuses you use most often.

"I'm a senior"
"I left it at home"
"The dog ate it"
"I forgot it"
"I didn't understand it"
"I didn't do it"
"I had to go to the hospital"
"Problems at home"
"I ate it for breakfast"
"What homework?"
"I left my books at school"
"I was too busy"
"It was the weekend"
"I have none"
"I went out"
"I left it on the table at home"
"The computer was down"
"I was sleeping"
"Left it on my desk"
"I left it in my parents' car"
"I didn't know"
"I brought the wrong books home"
"I had an asthma attack"
"I ran over it"
"I was too tired"
"The school burned [illegible] again"
"I couldn't handle it"
"Giant explosion"
"I was up all night with my sick cat"
"Sleep takes priority"
"It's gone"
"I was on vacation"
"I worked last night"
"Amnesia"
"I was sick"
"I did the wrong problems"
"I left it in the car"
"I left it on the bus"
"I left it in my locker"
"My locker won't open"
"I didn't feel like it"
"The hedgehog ate it"

Into the Mystic

The 1993 Tantasqua Junior-Senior Prom was held at Mechanics Hall in Worcester on Friday evening May 21. Each girl dressed up as if she were a queen and every guy in a tux as if he were a king. The theme of the prom was "Into the Mystic."

The junior court was made up of Jeanne Garvey, Roni Voloka, Mark LaRochelle, and Dylan Baer. The senior court was made up of Angie Settle, Erin Mallon, Matt Lebow, and Jason Kopp. The king and queen were Jesse Perreault and Tracey Roymans. Everyone danced their evening "Into the Mystic."

The 1993 Homecoming was held on Saturday November 13. When the game came to a halt at half-time, the long awaited announcement of King and Queen, Ryan Boone and Kelli Clayton, was made. The Queen's Homecoming court were Jen Giroux, Jen Kenyon, Emma Sparrow, and Aimee Langevin. The King's court was made up of Nick Romano, John Simanski, Victor Milani, and Liam Madigan.

The student-council sponsored dance was well attended by everyone. The majority of girls went with the black, green, or maroon velvet dresses. The guys stuck with basically black pants and a white shirt and tie.

The theme of this years Homecoming dance was "Again" by Janet Jackson and "Oh What A Night". Despite the DJ most students had a good time dancing the Electric Slide, the Chicken, and the YMCA.

Out-of-School Activities

Tantasqua is a busy place, but it does not offer everything that every student wants. Students have to go outside of the school and discover their interests beyond those offered at Tantasqua. It is not difficult to find plenty of activities in the area, from horseback riding to dancing and acting, to starting their own bands, and even jobs; students find full lives and busy schedules for themselves both in and out of school.

Skating

It is the year of the Tanya Harding/Nancy Kerrigan scandal and the year of the Winter Olympics in Norway — 1994. Ice skating is a popular sport for Tantasqua students. Winter gym classes have the option of skating on the pond, and many people gather to skate and play hockey on area lakes. There are also figure skaters masquerading as Tantasqua students. **Rachel Kolbe** (right) is one of these.

Community Theatre

As everyone knows, Tantasqua puts on one main stage production a year such as this year's *Alice in Wonderland,* and last year's *The Wizard of Oz.* THS also has the annual One-Act Play Contest in December. Between these shows and during the summer, students who wish to act get involved in community theatre.

Community theatre is very active in Central Mass, and it is a great way to get involved in the theatre, meet new friends, and have a lot of fun. The closest community theatre groups in our area are Gateway Players, in Southbridge, and the Tantasqua Community Players. The Tantasqua Community Players is a new theatre group started by Mr. Randall which just put on *A Christmas Carol* in January. There are many theatre groups which are far away, too, like the Bradley Playhouse in Putnam, CT, and Theatre at the Mount in Gardner, MA.

Abbi Miller, a senior, has done many community theatre productions including: *The Arkansas Bear, Charlie and the Chocolate Factory, Fiddler on the Roof, Into the Woods,* and *The Miracle Worker.* She also works with the Worcester Children's Theatre, which is a professional children's theatre. Besides acting, Abbi has also directed and worked backstage at many productions.

Jenn Giroux appears in *Charlie and the Chocolate Factory* at Theatre at the Mount.

Jenn Giroux, another senior, also has been in many productions, the latest being her role of Tiger Lily in Theatre at the Mount's *Peter Pan.* She also assistant directed the Tantasqua Community Players' production of *A Christmas Carol.* Jenn does most of her work at Theatre at the Mount and has been seen there in *Annie, Grease, The King and I, Charlie and the Chocolate Factory,* and *A Midsummer Night's Dream.*

Hopefully, with the new Tantasqua Community Players, community theatre will become more accessible to everyone, young and old, in the Tantasqua area. If you're interested, check the newspapers and area magazines for audition notices for all types of shows. Your theatre experience is surely to be one you'll never forget! Break a leg!

Tri-Y Swim Team

"Judges and timers ready, watches back to zero. Swimmers, step up. This is a hundred yards freestyle, four lengths of the pool. Swimmers, take your mark."

Although Tantasqua doesn't have a swim team, or even a pool, some students still get to experience the thrill of a swim meet. A handful of Tantasquans are members of the Tri-Y Torpedoes, a swim program located at the YMCA in Southbridge. The team competes against teams all over central and western Mass, and many swimmers earn the opportunity to participate in All-Star meets in places like Florida, St. Croix, and Chicago.

Tri-Y swimmers swim in the Worcester County Swim League during the fall and the Western Mass League in the winter and summer. The Torpedoes currently consist of about forty members. Swim team provides an opportunity for everyone to compete and try to swim their personal best. Swimming is a great exercise and provides an excellent conditioning program for future lifeguards. Tantasquan swim team members are **Kim Klimczuk, Elizabeth Ball, Ed Meyer,** and captain **Jessica Hamerly.** Swimming combines hard work, friendship, and competition to make for an unusually rewarding experience. If you want to get some exercise but haven't found a perfect sport yet, give swimming a try. You might be surprised, *you* might be a true Torpedo in the pool.

Equestrian

Horseback riding is a time-consuming sport, whether the rider competes or simply rides for enjoyment. Hard work and constant learning and experiencing contribute to the rider's attitudes and motivation. Many Tantasquans participate in this sport. Some of these riders are: Sarah Bixby, Liza Clay, Amanda Easton, Erin Fitzgibbons, Christine Kozikowski, Tania Kozikowski, Kerry Martel, Faye Meredith, Tonya Skowyra, Jen Whitten, and Cyndy Williams.

Some of these riders are pony clubbers, and others belong to 4-H. A few belong to both of these groups. Among these students, some participate regularly in shows, some rarely, and others not at all. Whether they compete, win, lose, they all enjoy the sport and continue to meet new challenges with their horses.

Even though the styles, abilities, interests, and goals of these riders are different, they all have one trait — the love of horses.

Bands

Music fills the halls of Tantasqua — sort of. At least, musicians fill the halls of Tantasqua. Several students have organized their own bands and they fill any available time with their music. **R.F.C., Synchronus,** and **Reason for Noise** are three such bands made up primarily of students from our classes. Seven sophomores (six of whom are Tantasquans) form R.F.C., Synchronus is made up of two seniors and a graduate, and two of the members of Reason for Noise are Tantasqua seniors.

Both R.F.C. and Synchronus played at a spaghetti supper to raise money for marching band uniforms, and R.F.C. also took part in a benefit to raise reward money to find Holly Piranian. Synchronus took part in the Localpalooza and played in the senior variety show of 1993.

Reason for Noise has a slightly different twist. Described as a Christian rap group, the only one in the area, they write "pro-value" lyrics which they perform at many concerts and Christian events.

There are other bands in the school as well and they too help to occupy the Tantasqua students and allow them to express themselves through music.

Student Jobs

Many students can be found working at Shaws Supermarket, Maurice the Pants Man, The Whistling Swan, Public House, McDonalds, and Book Corner. Some work for the extra money, while others are saving for college.

An after school job gives a student responsibility. It is always hard to balance school work and part-time employment but most students find that the added responsibility gives them experience for the future.

Dancing

The Terri Gordon Dance Center in Sturbridge is where you will find many Tantasquans such as: Seniors — Grace Barton, Becky Morin, Krystin MacAlpine; Juniors — Kelly Morin and Amie Laster; Sophomores — Meghan Hughes, Alison Murawski, Taryn Kenneway, and Irada Djelassi. They can be found there either dancing or teaching classes most weekdays after school and nights and Saturdays.

These young women are all in a dance ensemble which has a total of fourteen members. The dance ensemble is a pre-professional group that performs in the area. They have performed at various functions, elementary schools, carnivals, and bizarres. The ensemble also competes against other dance studios. The Terri Gordon Dance Center has a recital in June which these girls can be seen performing in. Seniors Grace, Becky, and Krystin are planning on continuing to dance after high school.

The Spirit of Tantasqua

Tantasqua is full of little bits of everything. Students make it through their days with wide smiles, a sense of humor, and an attitude that pushes them forward. Every trial and success in the busy days of Tantasquans becomes part of the spirit of Tantasqua that is within each of the stu-

FOREIGN FRIENDS

Did you ever wonder what it would be like to go to a new school and have to [illegible] friends, decide on a new [illegible] meet new teachers — all [illegible] in a different country? Well, seven students attending Tantasqua this year have had to do all that and [illegible]. These seven students have come [illegible] all over the world, knowing only a [illegible]glish (and some none at all) and [illegible]ted wonderfully to life at Tan-

[illegible]o, a senior from Spain, [illegible]e with the Evangelous [illegible] the activities he enjoys is [illegible]all," as they say in [illegible] on the varsity boys' [illegible]3. Pablo also enjoys [illegible], as one can tell by the [illegible] he wears on his face eve-[illegible].

Rafael Marin, a sophomore from Mexico City, lives with the Graton family in Brookfield. Rafael, also a soccer fan, played for the junior varsity boys' team. Also, like at home in Mexico, he plays the bass guitar in Rock Jazz Lab.

Evy Uras, a senior from Norway, lives with the Thibeault family in Brookfield. Upon entering Tantasqua, Evy found the school to be a little overwhelming. It was much bigger than her school at home, and the classes were very different, but now she is very involved with activities, especially music. She takes part in chorus and vocal jazz.

Evelyn Wesseling, a senior from the Netherlands, lives in Sturbridge with the Shepard family. Evelyn loves learning about American culture, especially music. She has seen several live bands in the United States, and is never seen without her walkman in the hallways.

Tantasqua is also lucky to host three other foreign students: Monica Lima from Guatemala and Krzysztof and Andrzej Obrycki from Poland. Monica, a sophomore, lives with family friends in Sturbridge and enjoys shopping and her baby iguana! Krzysztof and Andrzej, a senior and a junior respectively, live with relatives in Wales and are enrolled in the Tantasqua carpentry shop.

Tantasqua is fortunate to be able to host so many foreign students from so many different countries. These students are always eager to learn more about the school and America in general. Tantasqua students wish Good Luck to all of their new found foreign friends and hope that they enjoy America.

Seniors

The years we've strived
The times we've had
The struggles we've fought
The goals we've reached
And most of all —
The friends we've made.
Congratulations, Class of 1994!

Underclassmen

The classes of '95, '96, and '97, are dedicated to making their school a better place. They hope that Tantasqua will reflect their faces and experiences for many years to come. Knowing that what is learned and done today will brighten the day in June when they graduate helps them continue to put out an effort throughout their school careers. That swiftly coming day that will begin their futures is awaited with anticipation. Everyday, the classes are thinking back on the reflections of their pasts and dreaming of the images of their futures.

All the elves gather together

An elf with a purpose

Elfing

Santa's helpers were at TRHS this year answering letters from elementary school children. The letters from the hopeful elementary students were filled with ideas for Christmas presents and compliments for Santa. Most of the elves made up Christmasy names such as: Shiny, Giggles, Merry and Snow. The elves colored their cheeks with red and green face paint, wore red and green clothes, and brought candy along with "Santa promises" to happy excited children.

Guitar Club

Guitar Club began in 1987. This year, Mr. Keenan, the coordinator, is basing Guitar Club on acoustic blues, jazz, and funk.

The number of students in Guitar Club varies from week to week. They can play in all ranges from beginner to advanced. Mr. Keenan chooses music that is not too hard for beginners, but not too slow and boring for the more advanced players. Mr. Keenan also teaches the members scales and techniques for rhythm and lead playing. Through his instructions, members learn and have fun at the same time.

Earth Society

The Earth Society is composed of a small group of individuals committed to conserving our resources and saving the earth. They have started a can recycling program and are trying to start a juice box recycling program. They have also tried to recycle the school's paper and christmas trees from the area.

In their semi-weekly meetings they do things like taking nature hikes, making terrariums, making paper, and dissecting owl pellets to recreate the skeletons of the animals the owls have eaten. Every year in the spring they also make a display of Earth Day activities. It is in these ways they help to improve the environment around the school.

THS Art Department

The art department of Tantasqua High School has pottery, sculpture, design, drawing, painting, and jewelry classes. The student body that participates in these classes crank out pots, bracelets, earrings, pins, and magnets every term. Everyone is very proud of their work. The individuals have some of their work on display and for sale on All Arts Day which is held each spring. All Arts Day is a festival that provides entertainment, activities, displays, and trinkets to buy and enjoy.

Help Wanted

Many sophomores either have a job at the beginning of the year, or will hold a job the following summer. This is especially since most of the students receive their work permits early in high school. The desire to own their own automobiles is strong among the students, so of course a lot of money has to be saved. Many 5-town area businesses expect to see hoards of hard workers applying for jobs. Just some of the jobs students hold are at: Dunkin' Donuts, Shaws, Rom's, McDonalds, Burger King or numerous gas stations. Good Luck!

"This is a Play"

[illegible] sophomore one act play of 1993 was "This Is a Test". This [illegible]omical play featured Bobby Corry, who won the award for best actor. The play was about the hardships that his character had to face — studying for a midterm — and showed that life was [illegible]t going his way. The sophomores spent a great deal of [illegible] preparing for the play. The judges must have thought it [illegible] while, because the sophomores class won the contest for [illegible]t time in several years.

[illegible]oject Beautify

[illegible] Tantasqua of 1994 had a make-over. It could now boast new [illegible]ors, lights, ceilings, bathrooms, and an elevator. This was quite [illegible] welcome to the class of '96, but these improvements did come with a catch. The state would only supply the money for these [illegible] renovations if Tantasqua started enforcing stricter smoking [illegible] drug laws. The improvements made a cleaner, brighter, and [illegible] environment and gave the students the chance to show [illegible] pride in Tantasqua.

A Christmas Carol

The play began with a mixture of sophomores, juniors, and seniors coming down the auditorium aisle. The students held candles and sang "Fum Fum Fum!"

After proceeding down the aisle their destination was the stage stairs. This began the play. The main character was Mr. Randall as Ebenezer Scrooge. He powdered his hair, shaved his face, and donned a nightgown and cap. The play was enjoyed by many people. It was performed three times during the Christmas season. The classic play, by Charles Dickens, really captured the spirit of Christmas and left the audience with a Merry Christmas feeling.

Junior High vs. High School

There are a great many differences between the junior high and the high school. To begin with, the high school is ancient compared to the junior high. But thanks to the vocational department it now has wonderful new bathrooms and ceilings. The halls at the high school are a lot narrower, so of course it is more difficult to get to classes on time. This problem is magnified by the fact that the whole school is on one floor. But at the senior high, students are treated more maturely and have more freedoms and responsibilities.

Technical

The Technical Division has undergone many changes this year. Perhaps the most notable and positive improvement has been the creation of the TECH ONE program for freshman. With the implementation of this new program our freshman enrollment has more than doubled.

While attempting to meet the future needs of our students with new and innovative programs, we have been able to maintain the integrity of existing programs in Carpentry, Electrical, Machine Drafting, Machine Shop, and Welding/Metal Fabrication.

In the next few pages, share with us our enthusiasm for the future of technical/vocational education at Tantasqua.

Faculty

The students reflect the faculty and the faculty are reflections of students. It is a never-ending circle of education and it is present at any school. The faculty at Tantasqua are inspired to teach the classes that fill their rooms. They have made impressions on each young adult as they leave to take their own places in the world. The faculty and administrative members have contributed to the building of the images of each student's future which will soon become simple memories of the past.

In Our Shoes

Don't you wonder if the teachers remember when they were in our shoes? Well, they **do** — at least a little — and we have the pictures to prove that they once were. The reflections of their pasts show slightly different faces and styles, but we can still recognize them (with a little help — of course). Looking at these and trying to imagine who they were — Maybe someday your image will be reflected back to you or some other high school student — Who knows?

Now you be the teacher — grade yourself.

Activities

Tantasqua students participate in everything under the sun. They spend hours marching through the fields, or hanging the chain of life, or going out into the community and volunteering. The lists of what takes up students' time is endless. Although not all of their activities are school activities, the opportunities at the school are wide enough to accommodate most. In addition to the athletics and academics, the busy students fill their lives with more experiences in the empty halls after 2:00. No matter what, there will always be very few idle afternoons in their lives.

Students Against Drunk Driving

Students Against Drunk Driving (SADD) has had many accomplishments in the past few years. "The number of members has grown and, in addition, each one has become more active," said Melissa Dumas, SADD's president.

Last year, SADD planned an activity called Grim Reaper Day. Every twenty — four minutes a student was taken out of their class and when he returned, he was dressed in all black. Those students who participated were supposed to represent someone who had just died within those twenty-four minutes. The purpose of Grim Reaper Day was to show that every twenty-four minutes, someone dies unexpectedly in a drunk driving accident.

SADD also stages a mock car crash every year. This "accident" took place with the help of the Sturbridge and Brimfield police, ambulance, and fire departments. There was a total of four teenagers who were involved in this "accident". Two died, one was seriously injured and the driver came out of the crash without any serious injuries. This "accident" was to demonstrate how serious drinking and driving can be, and how fatal the outcomes can be. Melissa, who was one of the teens in the car, stated how the police officer, fire men and ambulance crew made jokes while they were removing the teens from the car. She said that it's their way of dealing with the stress and emotions that come along with their job.

Every member of SADD hopes that everyone will think before they begin to drink and drive.

Sports

What is the lifeblood of Tantasqua athletics? Is it the long hours of practice spent running and drilling on the fields and courts? Is it the tenacity and dedication of our coaches and players? Is it the way that the fans cheer and yell until their faces turn crimson and their throats grow numb? Is it the determination in the eyes of our athletes? It must be a combination of all of these factors with the added ingredient of the fighting Warrior spirit.

SOFTBALL

The girls softball played well in 1993, under the outstanding leadership of their Captains. Erin Mallon led the way with an outstanding 105 RBI's, and a .450 career average. The other Captains led strongly as well, with Courtney O'Malley playing at a .500 for the season, and Kelly Dessert at .356 for the season. The snow might have reduced the number of meets the girls had, but it certainly did not reduce the quality displayed during those meets. Track is a sport that has something for everyone. There are a multitude of running events to participate in, and if that is not your strength there are many jumping and throwing events to compete in. Because of the diversity of events, track is a sport where everyone feels like they can contribute to winning a meet. It was this sense of pride, in both past accomplishments and future, that made the Warrior Girls a winning team.

WARRIOR GOLF

In the spring of 1993, Tantasqua had one of its best golf teams ever! Its record was 16-2. The team placed second at the District tournament which qualified it for the State Tournament. The team then tied Auburn for the Border Conference Championship.

A highlight of the season was the victory over Quabbin which was 16-1 entering their Tantasqua match.

Tim Tunstall was the team's number one player. Eric Cooley was the most improved player this year. Jason Colangione, a freshman, had an outstanding season. Tunstall, Cooley, and Colangione were selected as Border Conference All Stars.

Jason Nelson, Ben O'Connell, and Tim Langevin made solid contributions to the team's winning season.

Every player except Tom Nelson will return for next season. Who knows? Maybe we will win the State Championship!

WARRIOR TENNIS

Both the girls and boys tennis teams had excellent seasons in the spring of 1993. The girls team had two all stars: Emily Courville and Paula Renaud. The boys team had three all stars: Matt Barth, Ryan Murawski, and Jason Hevey. The boys team finished first in the border conference and were named border conference co-champs. The girls team made it to districts, only to be, unfortunately, knocked out in the quarter finals. Tennis is a unique sport in that to do well, one must possess a distinct combination of skill and endurance. What we saw throughout the 1993 season was that the Warrior Tennis team did in fact have exactly the right combination, and this enabled them to have a very successful season.

BOYS' CROSS COUNTRY

▼ And they're off!

A promising future awaits the Boys' Cross Country team. With more than half of the team members in their freshman year, the team managed to bang out a few victories with the support of only three veteran runners. The hard work put into the team by all the members resulted in a winning attitude and amazing progress for a group of young men new to the sport. The group sported four varsity freshmen who competed in the district meet and one all-star runner.

The first day of practice has come and the players return to the field. There are some new faces among us and some of the familiar ones are no longer present. We feel detached at first and a little uneasy, but then the idea sinks in that we are all here for the same purpose, we all love the game.

The girls' varsity soccer team had a hard season this year. Competition was tough and the team was young. But they never gave up. They had a lot of talent on the team. **Freshman Michelle Chapdelaine** and **Border Conference All Stars Emma Sparrow** and **Katelyn Haggerty** led the offensive line. **Freshman Monique Chapdelaine** played well in goal and **All Star Tania Kozikowski** played very strong (very rough) defense. Through the wins and the losses, they all stuck together and that is what made the team so special. 1-2-3 Let's do it!!!

The boys' varsity soccer team had a very successful year making it to Division One Districts only to be defeated by the outstanding Marlboro team.

Their record for the year was 12-3-4. The boys were able to reach this goal, despite being a relatively young team, with their dedication and growing talent. This young blood will no doubt carry the team far in upcoming seasons.

This past season, **captains Andy Dunn** and **Dan Ryan** led the team with the help of **Teddy Goodwin, Kevin Griswald**, and senior **Steve Bouvier.**

Next season, a new corps of talented young players will be joining the team as **Bouvier, Ryan,** and the other seniors take their leave of Tantasqua. With a rich past and limitless future next year's season looks great for this Tantasqua team.

Girls' Basketball

This year's girls' varsity team was led by younger players who gained experience needed for an season. Only two seniors, Campbell, re- were juniors bbons. coach season. about performance this year, she stated, "This team is on the brink of being quite successful in the very near future."

As of February 11, the girls' record was 9-4 overall and 7-2 in the Border Conference. The Tantasqua girls were voted the number five spot on the high school high 5's in the Telegram and Gazette for three weeks in a row. They were also tied for second in the Border Conference. Good luck to next year's team!

Boys' Basketball

The Tantasqua boys' varsity basketball team began the season with high hopes with victories over perennial powerhouses Athol and Auburn. But lack of experience and injuries to key players hurt the Warriors as they struggled to a .500 record. A late season surge almost put them in the Clark tournament, but they just missed as a coin flip for the last position went the other way.

The team was led by **senior captain Ryan Boone,** who led the team in scoring. The point guard position was held by **senior Mike Kozyra,** who dazzled the crowd with his spectacular passing. Two other seniors, **John Simanski** and **Eric Cooley,** were used for their defense to shut down the other teams' high scorers.

Despite the record, the future looks good for the Warriors. They have talent both inside, where big man **Brian Johnson** dominates games with his rebounding and defense, and outside, where **Jason Hevey** and **Mike Reale** are expected to provide the scoring with their three point shooting. With this kind of talent, the future looks bright for the Warriors.

Cheerleaders

After an entire football season without cheerleaders, the Tantasqua community was happily surprised when **Sandra Dunn** volunteered to coach the Warrior cheerleaders. Both the basketball players and the Warrior fans greatly appreciate their work. The Tantasqua cheerleaders' bright strong voices can convince anyone of a victory.

Cheerleading is often considered an "easy" sport. The reason most stunts and cheers look so smooth is that they are meant to be! It is only after long hours of meticulous work that the girls become *the* Warrior cheerleaders. To project one's voice, move in exact rhythm with sixteen other people, and to remember countless cheers and routines is quite an accomplishment in itself. Add to this the cheerleader's everlasting smile and one glimpses their perpetual magic. The cheerleaders' job is to get the school, crowd, and players psyched and ready to win a game. Here at Tantasqua, this is not an easy task. Many thanks to those who actually have the guts to psyche Tantasqua up!

THANK YOU

Kerry will graduate soon, and the time of her graduation will mark the end of this family's "formal" affilliation with the Tantasqua Regional School District. As we look back over the last twenty-two years (Has it been that long?), when one or more of the children of this family has been a part of our school system, we realize how important the "family" that is Tantasqua has been to us. These years have been a time of great change and growth in the area, but what has not changed is the dedication, the professionalism and the genuine caring of the staffs of Brookfield Elementary School and Tantasqua Regional Junior and Senior High Schools. To the present and former school committee members, administration, teachers and support staff of these schools we would like to express a sincere THANK YOU.

Reflections OF THE PAST...

This school year has been full of the experiences that make us who we are. Tantasqua is the place where we finished growing up and where we discovered things about ourselves that were hidden before. We have learned, studied, and played together, devoting our time to those activities we felt were most important to ourselves and to the school. The years we have spent together have brought us closer and we will reflect on high-school throughout our lives. The images of our todays will become the reflections of our tomorrows. Good luck in everything you try for and always look back on our school and relive the memories of Tantasqua.
